Your search criteria matched only one product, shown below

PSF1PXA3.5MBU

- Meet SFF-8341 industry standard to support 10 Gigabit Ethernet
- Ideal for use in high performance computer clusters that are latency sensitive
- Passive connection provides a low cost, short reach interconnect option without additional power requirements
- Constructed with high speed 10 GHz twinaxial cable with 2 shielded parallel pairs and SFP+ 10Gbps hot pluggable modular connectors on each end
- 100% performance tested
- Low profile latching mechanism in connector allows assemblies to be installed side by side or stacked on top of each other providing maximum port density in high density installations
- Smaller diameter cable design enables proper cable management and improved air flow
- Slender strain relief boot provides proper bend radius control for consistent reliability
- Variety of standard lengths allow more precise deployment, improved cable management and cost efficiencies

Part Number	PSF1PXA3.5MBU
RoHS Compliancy Status	Compliant
Part Description	High speed 10GHz twin axial cable assembly with SFP+ 10Gbps hot pluggable modular connectors on each end.
Product Type	SFP+ Cable Assembly
Color	Blue
Length (m)	3.5
Cable Color	Blue
Cable Type	Twin Axial
CE Compliant	No
Flammability Rating	CL2
Performance Level	10Gpbs
Pricing Description	SFP+ 10Gig Direct Attach Passive Copper Cable Assembly, 3.5 Meter, Blue
Termination End 1	SFP+ 10Gbps Connector
Termination End 2	SFP+ 10Gbps Connector
Min. Order UOM	PC
Min. Order Qty.	1
BOM Qty. (# of Pkgs.)	0
