Adjustable Fabric Wrist Strap

This wrist strap set features a fully adjustable, stretch elastic wristband and 6 or 12 ft coiled cord. The hypoallergenic, 85 ohm, silver-plated band provides 360 degree conductivity around the wrist for maximum skin contact. OptiSoft band fabric is extra-soft and avoids the scratchy feel of other bands. A machined snap provides a consistent 1 pound removal force. The polyurethane polymer strain reliefs survives 1 million flexes. Cord tangles are reduced by the "spinning style" banana plug. UL Listed. Made in the USA.
