

CLIFF

2.5mm, 3.5mm and 1/4" Mono and Stereo Jack Plugs

The **CLIFF®** range of professional quality mono and stereo 1/4" Jack Plugs is designed for use in many applications including audio, computer, military and industrial uses. Our Jack Plugs are manufactured from solid nickel-plated brass with high temperature Phenolic / PBT insulators and either chrome plated brass or tough ABS covers. Some models are available with plastic covers in seven standard colours for easy identification. All versions feature a cable clamp, which is an integral part of the ground screen contact, and clamps firmly without damaging the cable. 100 pcs. per standard pack.
