Product List

Product Name	JN1-22-22S-PKG100
Status	Active
RoHS compliant	Yes
Series Name	JN1/JN2 Series
Connector types	Contacts
Number of positions	
Shell size	
Contact type	Socket
Termination styles	Crimp
Coupling styles	
Panel mount flange shape	
Applicable contact size	#22
Contact size * No. of contacts	
With contacts	
Applicable wire insulation diameter (mm)	1.5 max.
Applicable cable (AWG No.)	25 to 21 AWG
Finish of contact in contact area	Gold plating over Nickel
Rated current (A)	3
Dielectric withstanding voltage (VACr.m.s. 1minute)	
Insulation resistance (megohm min. (DC500V))	
Waterproof	
Operating temperature range (deg. C)	
Alternative insert position	
Outer shell color	
Applicable contacts	
Applicable accessory	
Contact strip or loose piece	Loose piece (100 pieces)
Accessory type	
Applicable product part numbers	
Applicable wire diameter	
Remarks	
Related Documents	Catalog 385Kbytes
	DWG 103Kbytes
	SPEC 560Kbytes
Pair	

Notice:

- The values specified in this web site are only for reference.
The products and their specifications are subject to change without notice. Contact our sales staff for further information before considering or ordering any of our products.
For purchase, a product specification must be agreed upon.
- Users are requested to provide protection circuits and redundancy circuits to ensure safety of the equipment, and sufficiently review the suitability of JAE's products to the equipment.
- The products presented in this web site are designed for the uses recommended below.
We strongly suggest you contact our sales staff when considering use of any of the products in any other way than the recommended applications or for a specific use that requires an extremely high reliability.
 - Applications that require consultation:
 - Please contact us if you are considering use involving a quality assurance program that you specify or that is peculiar to the industry, such as: Automotive electrical components, train control, telecommunications devices (mainline), traffic light control, electric power, combustion control, fire prevention or security systems, disaster evention equipment, etc.
 - We may separately give you our support with a quality assurance program that you specify, when you think of a use such as : Aviation or space equipment, submarine repeaters, nuclear power control systems, medical equipment

for life support, etc.

(2) Recommended applications include:

Computers, office appliances, telecommunications devices (terminals, mobile units), measuring equipment, audiovisual equipment, home electric appliances, factory automation equipment, etc
