

Cenelectrex®

RS Code 233-323

VESX70

Compact Clamp

ATEX approved clamp for use in potentially explosive atmosphere zones. ⚡ IIB 1 GD T6

The VESX70/RS is a lightweight earthing clamp and can be used for bonding small, uncoated vessels and plant items.

Cen-Stat™ cable is standard on all Cenelectrex products. Multi-stranded steel conductors for superior mechanical strength combined with Hytrel anti-static coating for optimum chemical and abrasion resistance. With a 1:10 extension ratio **Cen-Stat** cable is proven to hold its shape after 20,000 continuous extensions.

Clamp and Cable Specification

Cast Brass Construction

Galvanised Steel Spring

Red Polythene Handle Grips

Length 120mm, Width 15mm

Jaw Opening 25mm

3m Spiral Cable (4mm sq. conductors)

10mm ring terminal fitted to free end
