

KSZ8462HLI Evaluation Board KSZ8462HLI-EVAL

KSZ8462HLI-EVAL Evaluation Board for the KSZ8462 IEEE 1588 Precision Time Protocol (PTP) Enabled Switch

Micrel Inc

The KSZ8462 product is an IEEE 1588v2 enabled Ethernet switch that provides integrated communications and synchronization for a range of Industrial Ethernet applications. The KSZ8462 product enables distributed, daisy-chained topologies preferred for Industrial Ethernet networks

Specifications

- **Main Purpose:** Interface, Ethernet Controller (PHY and MAC)
- **Utilized IC / Part:** KSZ8462HLI
- **Supplied Contents:** Board
