2365/2380
SERIAL MATRIX PRINTERS

Print speeds up to 1000 cps

Up to 9-part forms

**Full range of automatic features
to minimize user intervention**

**Ideal for 'On Demand' applications
with zero tear for no wasted forms**

Straight through paper path for easy forms loading

Parallel and Ethernet (10/100BaseT) standard

Ethernet IPDS

Compatible with a wide range of operating systems

RUGGED FOR HEAVY DUTY OPERATION

HIGH SPEED OPERATION
The 2365 and 2380 printers are rugged and powerful high speed serial matrix printers for heavy duty operation under the most extreme conditions. The 24-pin print head provides crisp, sharp, dark and absolutely legible output.

EXCELLENT VALUE
Low running costs and durability in the harshest of print environments make these products excellent value for money.

Fully automated operation, coupled with the straight through paper path, allows ease of use and virtually eliminates errors caused by user intervention. These products are well matched to Microsoft Windows applications, and highly compatible with other host operation environments including legacy systems.
