

Il contenitore con sportello per apparecchi modulari viene fornito completamente assemblato pronto per l'utilizzo con moduli di altezza standard (HM = 44). Altre sei altezze si ottengono cambiando la fessura di inserimento del profilo OMEGA DIN.

The case with door for modular devices is delivered fully assembled ready to be used with modules of standar height (HM = 44). It is possible to obtain six different heights by changing the inserting slot of the section OMEGA DIN.
