

BEX Series 5

Aluminum Enclosures

Versatile anodised aluminium extruded box section with integral card slots in four profiles and a range of standard lengths. Optional mounting lugs and end plates available.

Color Options:
Black, Silver, Red, Green, Blue, Gold

Services Available:
Custom end plates
CNC Machining
Non-standard lengths

Series	Width	Height
1	2.50"	1.18"
2	4.27"	1.18"
3	4.27"	1.77"
4	6.68"	2.41"
5	5.24"	1.37"

Products List		Custom lengths available!	
Product Name	Size	Part Number	
BEX Series 5	1.37Hx5.25Wx3.15L"	B5-080	
BEX Series 5	1.37Hx5.25Wx6.30L"	B5-160	
BEX Series 5	1.37Hx5.25Wx8.66L"	B5-220	

Product Name	Mounting Flanges	Part Number
Dovetail mounting flange, black anodized, slides into side of extrusion, 1.57" long - SOLD INDIVIDUALLY		MF40BK
Dovetail mounting flange, blue anodized, slides into side of extrusion, 1.57" long - SOLD INDIVIDUALLY		MF40BL
Dovetail mounting flange, gold anodized, slides into side of extrusion, 1.57" long - SOLD INDIVIDUALLY		MF40GD
Dovetail mounting flange, green anodized, slides into side of extrusion, 1.57" long - SOLD INDIVIDUALLY		MF40GR
Dovetail mounting flange, red anodized, slides into side of extrusion, 1.57" long - SOLD INDIVIDUALLY		MF40RD
Dovetail mounting flange, silver anodized, slides into side of extrusion, 1.57" long - SOLD INDIVIDUALLY		MF40SI
Dovetail mounting flange, black anodized, slides into side of extrusion, 3.15" long - SOLD INDIVIDUALLY		MF80BK
Dovetail mounting flange, blue anodized, slides into side of extrusion, 3.15" long - SOLD INDIVIDUALLY		MF80BL
Dovetail mounting flange, gold anodized, slides into side of extrusion, 3.15" long - SOLD INDIVIDUALLY		MF80GD
Dovetail mounting flange, green anodized, slides into side of extrusion, 3.15" long - SOLD INDIVIDUALLY		MF80GR
Dovetail mounting flange, red anodized, slides into side of extrusion, 3.15" long - SOLD INDIVIDUALLY		MF80RD
Dovetail mounting flange, silver anodized, slides into side of extrusion, 3.15" long - SOLD INDIVIDUALLY		MF80SI

Product Name	Screws, Self-Tapping	Part Number
Screws, No. 4 self tapping, black, set of 8, for all BEX enclosures.		STB-008
Screws, No. 4 self tapping, black, set of 400, for all BEX enclosures.		STB-400
Screws, No. 4 self tapping, silver, set of 8, for all BEX enclosures.		STS-008
Screws, No. 4 self tapping, silver, set of 400, for all BEX enclosures.		STS-400

Screws, Thread-Forming	
Product Name	Part Number
<u>Screws, M3 TORX head thread forming, black, set of 8, for all BEX enclosures.</u>	TB-008
<u>Screws, M3 TORX head thread forming, black, set of 400, for all BEX enclosures.</u>	TB-400
<u>Screws, M3 TORX head thread forming, silver, set of 8, for all BEX enclosures.</u>	TS-008
<u>Screws, M3 TORX head thread forming, silver, set of 400, for all BEX enclosures.</u>	TS-400
End Plates	
Product Name	Part Number
<u>End plate for Series 5, black anodized, 32mm H x 133mm W</u>	EP5-BK
<u>End plate for Series 5, blue anodized, 32mm H x 133mm W</u>	EP5-BL
<u>End plate for Series 5, silver anodized, 32mm H x 133mm W</u>	EP5-SI
Rubber End Caps	
Product Name	Part Number
<u>Protective rubber end cap for Series5 extruded aluminum enclosures. Set of two.</u>	EC5-BK
<u>Protective rubber end cap for Series5 extruded aluminum enclosures. Set of two.</u>	EC5-BL
<u>Protective rubber end cap for Series5 extruded aluminum enclosures. Set of two.</u>	EC5-GN
<u>Protective rubber end cap for Series5 extruded aluminum enclosures. Set of two.</u>	EC5-GY
<u>Protective rubber end cap for Series5 extruded aluminum enclosures. Set of two.</u>	EC5-RD
