

→ Local extensions

- For XT 20 only (1 local extension per module)
- Millenium - Millenium local link
- Doubles the hardware and software capacities
- Transparent communication between two XT 20 units
- Max. distance between two XT 20 units : 10 metres
- Cable type : screened twisted pair

Specifications

Type	Designation	Supply	Code
XL 01	M2 - M2 local link (2 modules)	universal	88 950 200
XL 05	4 solid state outputs	universal	88 950 204
XL 06	2 Relay outputs (250mA Maximum)	100 → 240 V AC	88 950 810

THE ONLINE DISTRIBUTOR OF ELECTRONIC COMPONENTS

→ Adjacent extensions

- For XT 20 only (one adjacent extension per module)
- 4 or 6 additional inputs/outputs

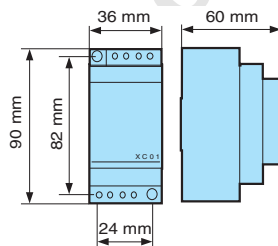

Specifications

Type	Designation	Supply	Code
XC 01	4 inputs PNP 2 relay outputs	24 V DC	88 950 210
	4 inputs relay outputs	24 V AC	88 950 211
	4 inputs 2 relay outputs	100 - 240 V AC	88 950 212
	4 inputs 2 relay outputs	12 V DC	88 950 215
	4 inputs NPN 2 relay outputs	24 V DC	88 950 219

Dimensions

XC 01

→ Communication modules

- For XT 20 only (one adjacent extension per module)
- Communication using MODBUS or AS-i protocol (Slave module)

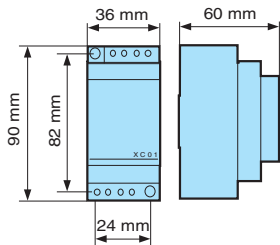

Specifications

Type	Designation	Supply	Code
XC 02	AS-i communication module 24 V DC	24 V DC	88 950 213
XC 03	MODBUS communication module 24 V DC	24 V DC	88 950 214
Modems	STN		88 950 106
	GSM		88 950 107

Dimensions

XC02/XC03
