

For use with Surface Mount packages

573100d00000

VIS#026897

Mechanical Outline Drawing

Note: The thickness of the drain pad is variable depending on the amount of heat generated by the SMT device, design, limitations and process. This is the exposed printed circuit.

Recommended Cu Heat Spreader Drain Pad

Recommended Heat Sink Solder Mask Opening

Thermal Resistance	15.0
--------------------	------

Thermal Curves

Thermal resistance value is based on a 75°C rise in natural convection

Product Information

12 Digit Part #	Description	Finish	Board Mounting
573100d00000	Copper Base with solderable Finish bulk 500 pcs per bag	Solderable Finish	N/A

Not Exactly what you need?

We offer several options for those applications which require a more unique solution. For slight modifications of this part or other attachment options, finishes, and interface materials, contact your [local representative](#). Challenge us with your thermal requirements - we can design custom solutions.
