

"Micro Slot" Notebook Kit

A compact, easy-to-use notebook lock kit. Designed especially for use with notebooks that have the "Micro Slot" security feature fitted. The kit consists of a vinyl coated steel cable, heavy duty resettable combination lock and mounting bracket for "Micro Slot" facility. The cable is secured to an object (such as a table) by means of a loop and the other end fastens to the combination lock, having been passed through the "Micro Slot" security bracket. Supplied in a handy carrying case.
