

# INDIA-ISRAEL-DENMARK TO EUROPE

Europe... I am coming!

Do you come from India, Israel or Denmark? Then you'll probably be only too familiar with the problems caused by different mains socket standards. It's not only the fact that your plugs don't fit in Europe, but also that most universal adapters don't support your devices. This country travel adapter is ideal for travel in areas which use the Schuko standard, which means more than 90 countries worldwide. You can use this travel adapter to plug in all your **2 and 3-pole devices** on your travels.

## Swiss quality

Just like all products from SKROSS, the country travel adapters are also made in familiar high Swiss quality and comply with all the relevant international **safety standards** and, of course, are certified and patented.

## For travelers FROM - TO

**INPUT** Suitable for the following standard connectors

Denmark 3-pole

India 3-pole

Israel 3-pole

**OUTPUT** Suitable for the following standard sockets

Europe

---

## Device suitability
