-
- Technical drawing of a bolted joint. The drawing shows a cross-section of a bolt and nut assembly. The bolt is labeled "STUD" and has a diameter "D". The nut is labeled "NUT" and has a diameter "D". The bolt is secured with a washer "W". The drawing includes several dimension lines and labels: "0.081 MIN." for the minimum gap between the nut and washer, "1.70" for the distance from the nut face to the center of the bolt, "MMWD" for the minimum width of the material, "L" for the total length of the assembly, "C" for the distance from the center of the bolt to the center of the nut, ".415 MAX" for the maximum thickness of the washer, and "1" for the distance from the center of the bolt to the center of the nut. The drawing is numbered "2" in the bottom right corner.

WIRE SIZE: 16-14. AWG.
