Key Features:

- Designed as a heavy duty hand held - manufactured in diecast aluminum for superior strength.
- Ergonomic design for extended handling without fatigue.
- Two part - styled lid construction. Top half includes smooth recessed area for membrane, label or silkscreen.
- Top half powder painted in a silver grey and the bottom half is powder painted in black.
- P.C. board standoffs are cast into both halves of the enclosure - (see [photo tables](#) for details). Mounting screws included.
- The two smaller sizes include an ABS plastic battery compartment installed and gasketed access bottom lid. This battery compartment can hold up to 4 AA 1.5V batteries OR 2 - 9V batteries.
- Gasketed lid with two piece "tongue & groove" construction provides protection against access of oil, dust and water.
- Lid screws are stainless steel.
- Designed to meet IP66.
