

Product Number: 8801

**3M™ Table Rolls, Blue, 2 x 40 ft. (0.6 x 12.2 m)
8800 Series**

3M Static Dissipative Rubber Mats and Rolls 8800 Series consist of a top layer of static dissipative rubber laminated to a bottom layer of conductive rubber. Both layers are made from vulcanized synthetic rubber, which offers excellent resistance to oil, grease and most common solvents. They offer superior resistance to heat and hot solder as compared to vinyl or olefinic materials. Non-standard sizes are available on a custom order basis. Compatible with constant monitors.

Dissipative table rolls include two 15 ft. (4.6 m) 3M Ground Cords 3040 and five 3M Snap Fasteners 3034 to be installed by the user.

Note: 8800, 8820 and 8850 – no hardware included.
