

Technical drawing of the NEUTRIK SPEAKON NL8FC speaker. The drawing shows a side view of the speaker with dimensions. The diameter of the speaker is 36.20 cm [14.25 inches]. The height of the speaker is 81.00 - 85.00 cm [3.188 inches - 3.346 inches]. The diameter of the mounting flange is 25.00 cm [9.84 inches]. The speaker is labeled 'NEUTRIK SPEAKON NL8FC'.

The diagram illustrates a mechanical assembly in cross-section. On the left, a conical structure with a serrated edge is connected to a central housing. Inside the housing, a central shaft passes through, featuring a handle with a cross-shaped grip. To the right of the main housing, a separate component with a curved, actuator-like shape is connected to the central shaft. A dashed horizontal line indicates the axis of symmetry for the entire assembly.
