

KE / KEU & DE SERIES

Our KE (keyboard), KEU (keyboard/utility), and DE (desktop enclosure) Series are suited to desktop and benchtop applications of all sorts. New styling and new models present new opportunities for developing attractive, functional customized package designs. Individual kits include all necessary panels and hardware for prototyping; production units are packaged in bulk.

APPLICATIONS

- Test equipment
- Medical & scientific devices
- Control panels
- Sports timing devices/score board controllers
- Man/machine interfaces
- Keyboards and display devices
- Industrial control systems
- Audio & video controllers
- Computer accessories
- Communications systems
- Alarms & security systems
- Fax decoders/switches
- PA systems & intercoms

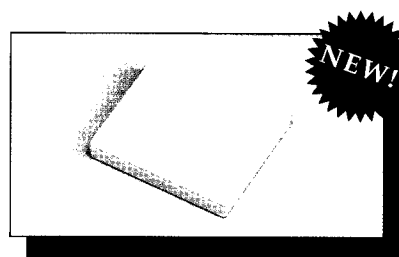

STANDARD OPTIONS

- Insert tooling areas
- Flame retardant materials
- EMI/RFI shielding
- Aluminum keyboard panel
- I/O panels
- Custom membrane switches
- Custom panels & overlays
- Component mounting features

KEU/KE & DE SERIES	WIDTH (mm)	LENGTH(mm)	HEIGHT (mm)
KEU-5LP	137,2	137,7	40,4
KEU-7LP	177,8	127,0	33,0
KEU-7	177,8	127,0	76,2
PTS-58	134,4	172,5	44,7
PTS-68	150,9	172,5	47,8
KEU-10LP	254,0	204,0	51,8
KEU-10	254,0	204,0	101,6
KE-12LP	315,0	165,1	38,1
KE-17	433,8	220,5	70,9
KE-20	510,0	220,5	70,9
DE-620	498,6	393,7	168,9
DE-720	498,6	508,3	183,4

DE

All dimensions are outside dimensions-in millimeters. *Feet height included.
