Shielded 9 Volt Battery Straps

- Insulates and Shields 9 Volt Battery Snap-On Connector Contacts
- Assures Safe Secure Use, Reduces the Potential of Short Circuits and Prevents Tampering with Battery Contacts
- Protects Circuits and Sensitive Electronic Equipment, Prevents Unwanted Electrical Discharge Due to Unintended Grounding
- Protects Battery Contacts From Dust, Dirt, and Physical Damage
- Ideal for Rugged Applications, Constructed of High Impact Molded Plastic with Integral Wire Lead Strain Relief
- Male and Female Snap-On Contacts Assure a Positive Battery Connection and a Low Contact Resistance

Specifications. Base: Polypropylene. Male/Female Contacts: Brass, nickel plate. Wires (Red and Black): #26 AWG, tinned, 0.187 end strip. UL/CSA 1007.
