

Ultralight weight design

Three-point design provides unsurpassed stability and all-day comfort.

plantronics®

It's your headset. Why shouldn't it be personalized to you?

TriStar® Headset

The Tristar, ultralight weight, single earpiece earloop headset with noise canceling provides optimal comfort plus clarity—even in noisy environments.

The TriStar delivers: ultralight weight, discreet style, and a comfortable, custom fit. Its unique three-point design provides support behind, on top of, and in the ear for extra stability. Advanced materials make TriStar incredibly light but still very durable.

TRISTAR KEY FEATURES

- Plantronics compatibility. TriStar works with all Plantronics audio processors and USB-to-headset adapters. Direct-connect solutions are also available for headset-ready phones and agent consoles, providing connection flexibility for your diverse working environment.
- Exceptionally lightweight, over-the-ear style. Three-point design provides unsurpassed stability and all-day comfort.
- Four user-selectable earbuds for a custom fit.
- Supports Clearline™ audio technology. Ensures precise listening levels, sophisticated hearing protection, and superior audio performance when used with Plantronics audio processors.
- Quick Disconnect™ lets you walk away from your phone while still wearing your headset.
- 10-foot coil cord and adjustable clothing clip for freedom of movement.
- Available with Voice Tube or noise-canceling microphone:

Voice Tube—Plantronics’ trademark design; light weight and unobtrusive, delivers great sound quality in all but the noisiest environments.

Noise-canceling—Filters out background sounds for heightened speech clarity.

- Can be worn on either ear.
- Warranty: Two years for unsurpassed durability.

TriStar headsets require a Plantronics audio processor, USB audio processor, or direct connect cable to connect to phone, PC or computer.

VISTA® M22 AUDIO PROCESSOR

The Vista M22 audio processor delivers precise levels of listening comfort, sophisticated hearing protection, and superior audio performance. The Vista M22 includes Clearline™ audio to improve call quality in any environment, especially wideband VoIP.

DA45™ USB AUDIO PROCESSOR

Compatible with all Plantronics H-series headsets, this headset-to-USB adapter/audio processor brings superior call clarity to PC-based communications. The DA45 USB provides advanced audio technologies, plug-and-play connectivity, and Quick Disconnect.
