

NEW COOL LED MACHINE ILLUMINATION

Our **NEW** High Intensity

Ultraflex® **LED**

Waterproof Machine Light!

WHITE LITES®
O.C. White Co.
Quality Since 1894

For any machine illumination application that demands the highest spot-light intensity as well as near limitless positioning possibilities while operating in the most challenging environments. Our new **10600/11600 LED Series** is designed to provide years of reliable service and we back them with our 3-year warranty.

Fully sealed against the impingement of water, synthetic, and petroleum based fluids, the new 10600/11600 LED Series meets the stringent IP65 waterproof standards. Due to the rugged design, these fixtures are suitable for applications where extreme vibration shall be encountered. Our LED's provide 50,000+ hours of trouble free service.

Specifications

- 24V AC/DC (120-277V Available)
