#### Introduction

The POC-S175 is a medical multimedia Panel Computer that is UL60601-1/EN60601-1 approved. The low audible noise of the POC-S175 makes it an ideal point-of-care solution for patients and hospital practitioners. The POC-S175 is specially designed to resist spills and water damage, and ensures dust resistance with its protected LCD, sealed ports and card slots. The 500:1 contrast ratio of POC-S175 makes it a perfect image terminal for PACS and DICOM applications.
