

Item # 17703, Static Eliminator 110-120V

Static Eliminator 110-120V

Our bench top air ionizing air blower provides optimum protection from the destructive effects of ESD. Variable speed fan produces an air volume from 35 to 70 CFM. Covers a 1' x 5' area. Self balancing to +/-5V. Measures 5.5"W x 8.625"H.

SPECIFICATIONS

Voltage	110-120 V
Air Volume	35 to 70 CFM
Covered Area	1 x 5 ft
Self Balancing Voltage	±5 V
Dimension (W x H)	5.5 x 8.625 in
Weight	1 lb
