

Vertical & Horizontal Cable Management

Vertical Cable Management:

The Access cabinet's unique design provides a wide range of vertical cable management options.

- Steel cable tray in 3" (75mm) and 6" (150mm) widths and 27U to 47U heights.
- Wire basket in 6" (150mm) and 12" (300mm) widths to make cable strapping very easy. Each basket has vertical wires on a 2" (50mm) interval and horizontal wires at 4" (100mm) intervals, allowing a variety of "tying" places.
- Twist lock cable management spool allow cables to be routed in all three axes, i.e., vertical, horizontal and front to rear.
- Small and large cable hoops are available in plastic and metal.

Horizontal Cable Management:

The Access cabinet's two (2) post cornerless design and horizontal cable management accessories offer unrestricted horizontal cabling support between cabinets.

- Available types
 - Patch Cord Organizers
 - Cable Trough Organizers
 - Horizontal Cable Organizers
- 1U to 4U for small to large cable bundles.

Vertical Cable Tray & Wire Basket

Vertical Cable Tray and Wire Basket installs in the cabling area on the interior sides of the cabinet and mounts to the Z-channels top and bottom with the fill area facing inward. Tray and wire basket can be positioned anywhere from the front to the rear of the cabinet.

Twist & Lock Management

New Twist & Lock cable management system is designed to attach to all Access EIA mounting rails, and is also available as a 2U high 19" panel mount version. With it's 1³/₈" (35mm) diameter and 3³/₈" (85mm) cable support area, Twist & Lock ensures the correct bend radius on all vertical and horizontal cable installations. Material is glass reinforced nylon.

Twist & Lock cable management support arms, end retainers and divider rings.

Part Number	Description	Shipping Weight	
		lbs.	(kg)
TLCMS	Arms & Ends (pack of 10)	2.0	0.9
TLCMR	Divider Rings (pack of 10)	1.0	0.4

Plastic Cable Hoops

New innovation to the D-Ring. This flexible cable hoop provides easy cable bundle management. Material is SR5 polypropylene.

Part Number	Opening		Shipping Weight	
	in.	(mm)	lbs.	(kg)
CTL	4 ¹ / ₈ x 1 ³ / ₄	105 x 45	1.0	0.4
CTS	2 ³ / ₄ x 1 ³ / ₁₆	70 x 30	1.0	0.4
