

## MODULAR DESIGN

The G3 Universal Grips can be customized for top-of-the-line machines requiring high switch content, or to provide only basic control functions on lower tier units. The OTTO G3 Universal Grips have a modular design and were developed for use with OTTO's standard Pushbuttons, Rockers, Toggles, Hall Effect switches and the JH Hall Effect Joystick. Both the G3-0100 Small Universal Grip and the G3-0101 Medium Universal Grip are easily customized with multiple switch configurations, quickly and without tooling charges.

- **Modular design eliminates the need for tooling charges**
- **Compatible with the OTTO Hall Effect JH Series Joystick**
- **Small & medium sizes available**
- **Accommodates a full line of Pushbutton, Rocker, Toggle, HP Hall Effect & HPL Proportional Output series of switches**
- **Various mounting & termination options available**
