LIGHTWAVE™ LED FLASHLIGHTS

Tomorrow's flashlight is here today!

Features:

- Industrial quality***
- The very latest in LED technology***
- Powered by high intensity,
super-bright white LED lights***
- Incredibly long battery life***
- Shockproof, high-impact construction***
- Water resistant all-weather design***

CLASSIC/PRO SERIES

Features:

- All models feature super bright white LEDs (LW-2000 CAN BE ORDERED WITH BLUE, GREEN, OR RED LEDs)
- All LEDs have a typical life of over 11 years
- LW-2000/4000/3000/PRO2000 and HT are UL approved for use in hazardous locations
- All models feature solid state circuitry to make the batteries last an average of 14 times longer than conventional flashlights
- All models are water resistant- designed for use in all weather conditions
- All models have a 3-year warranty
- All models are shockproof; able to withstand a 3 ft. drop onto a concrete floor
- LW-HT Head torch features a one-inch wide adjustable elastic strapping. Angle adjuster-plate allows the light angle to be directionally adjusted up or down

Model	# Of LEDs	Batteries	On/off Method	Approx Battery Life	Body
LW-PB	1	2 Lithium**	Alternating Push Button	Over 50 Hours	High Impact Composite
LW-2000	4	3-AA**	Twist Head	Over 300 Hours	High Impact Composite
LW-PRO2000-BLK*	4	3-AA	Push Button	Over 300 Hours	ABS Plastic With Rubber Over-molding
LW-3000	7	3-C	Push Button	Over 700 Hours	ABS Plastic With Rubber Over-molding
LW-4000	10	3-D	Push Button	Over 900 Hours	ABS Plastic With Rubber Over-molding
LW-HT	4	2-AA	Twist Head	Over 300 Hours	High Impact Composite

*Was LW-2100 ** Batteries included

Accessories:

MODEL	Traffic & Safety Wand	Belt Holder/Holster
LW-2000	n/a	LW-2000-BH (holster type)
LW-PRO2000-BLK	LW-2100-SW	LW-2100-BH (ring type)
LW-3000	n/a	LW-3000-BH (ring type)
LW-4000	LW-4000-SW	LW-4000-BH (ring type)

TEC SERIES

Features:

- The TEC series features the latest LED flashlight technology from Lightwave
- All LEDs have a typical life of over 11 years
- All models feature solid state circuitry to make the batteries last an average of 14 times longer than conventional flashlights
- All models are water resistant; designed for use in all weather conditions
- All models have a 3-year warranty
- All models are engineered with a high impact ABS housing to withstand a 3 ft. drop onto a concrete floor. All have a bumper head design to protect LEDs
- All models feature an industrial grade ON/OFF switch

Model	# Of LEDs	Batteries	Approx Battery Life
LW-TEC1000	1	3-AAAA**	Over 210 Hours
LW-TEC2000	4	3-AA	Over 300 Hours
LW-TEC3000	7	3-C	Over 700 Hours

** Batteries included. Quad A batteries available from NTE. Order P/N BA-4.

INFINITON SERIES

Features:

- The latest LED flashlight from Lightwave offers a super bright light powered by 1 long-life HI-Flux LED using Reflex technology
- The Infiniton series features REFLEX Technology that collects nearly 100% of the light from the emitter resulting in a clean, pure beam
- The only system that cuts through smoke like a laser
- This new design has been engineered with an Aluminum space frame inside a durable rubber over-molding to provide boosted strength and high impact resistance. All models are engineered to withstand a 3 ft. drop onto a concrete floor.
- The Hi-Flux LED lamp is protected from damage behind a bumper head
- Contains industrial grade electronic ON/OFF switch
- 1 year warranty including LED

Model	Ordering #	Batteries	Battery Life	Brightness
Infiniton C1	LW-INF1-BLK	3-C	Over 7 hours	30 lumens
Infiniton C3	COMING SOON	3-C	Over 4 hours	80 lumens
Infiniton D1	LW-INF1-BLK	3-D	Over 20 hours	30 lumens
Infiniton D3	COMING SOON	3-D	Over 8 hours	80 lumens
