

FLEXO® HEAVY WALL

- **Extreme Abrasion And Cut Resistance**
- **Resists Gasoline, UV, Solvents, Salt Water And Chemicals**
- **Braided From .15 mil PET Monofilament**

50% Thicker For The Really Abrasive Jobs

When your application calls for more protection than our 10 mil products provide, our 15 mil HW is the ideal solution.

HW is commonly used in industrial and marine applications where extreme abrasion protection is critical. The durability of HW makes it ideal for protecting hoses and cables that have to withstand constant contact with rough and abrasive surfaces.

HW is the perfect solution for use on chains and cables to protect painted or laminated surfaces from scuffing and wear.

HW protects trailer hitch harnesses from abrasion, flying debris and UV damage without affecting flexibility or trapping moisture like convoluted tubing.

Colors Available:

Clear (CL), Carbon (CB), and Black (BK).
