

147-208

CUTTERS AND NIPPERS (14 MODELS)

 PART No. OD6620.	BS/220. CLEAN CUT NIPPERS For cutting ductile wires up to 1mm Ø Cuts off flush with PCB Optional Safety Foil (prevents cuttings from flying) P/No. OD66225 Length 130mm Weight 50gm	BS/220/15. CLEAN CUT NIPPERS Similar to BS/220 but cuts off wires 1.5mm above PCB surface Length 130mm Weight 50gm	 PART No. OD6621.
 PART No. OD6622.	BS/220/L CLEAN CUT NIPPERS Same as BS/220 but with longer handles to permit cutting in more confined spaces Length 165mm Weight 65gm	BS/300 CLEAN CUT NIPPERS For ductile wires up to 1.5mm Ø Cuts off flush with PCB Ideal for general purpose use. Optional Safety Foil (prevents cuttings from flying) P/No. OD66245. Length 130mm Weight 55gm	 PART No. OD6623.
 PART No. OD66205.	BS/220/APP. CLEAN CUT NIPPERS Similar to BS/220 but with finer blades for access to very confined spaces Optional Safety Foil (prevents cuttings from flying) P/No. OD66225. Length 130mm Weight 50gm	BS/58 CLEAN CUT NIPPERS. Similar to BS/300/58 but with more reinforced blades to cut steelwires up to 1.5mm Ø Designed for long life Length 130mm Weight 70gm	 PART No. OD6625.
 PART No. OD66232	BS/300/58. CLEAN CUT NIPPERS Specially tempered for iron wires up to 1.5mm Ø Cuts off flush Designed for long life Length 130mm Weight 65gm	BS/315/FC. 1.5mm END CUTTER Cuts off 1.5mm above PCB For ductile wires up to 1.5mm Ø for confined spaces Length 140mm Weight 60gm	 PART No. OD6633
 PART No. OD6632.	BS/300/FC. FLUSH END CUTTER Cuts off flush in positions where other tools cannot operate Up to 1.5mm Ø soft wires Length 140mm Weight 60gm	BS/3058. HEAVY DUTY CUTTERS Same as BS/3055 but with special blade Tempering to keep sharp edge longer Designed for long life Length 150mm Weight 85gm	 PART No. OD6634.
 PART No. OD6631.	BS/3055. HEAVY DUTY CUTTERS Heavy duty construction for tougher wire and materials Good general purpose tool Length 150mm Weight 85gm	BS/300CL GENERAL PURPOSE SHEARS Longhandle version of BS/300/CC. Long handles reduce cutting effort required Length 170mm Weight 75gm	 PART No. OD6629
 PART No. OD6628.	BS/300/CC. GENERAL PURPOSE SHEARS. For cutting thin sheet metal Short handles for intricate cutting Length 135mm Weight 55gm	BS/300/F LONG BLADED SHEARS Designed for cutting ribbon cables Length 165mm Weight 130gm	 PART No. OD66292
