## PRODUCTS FOR OTHER POWER/ CONTROL APPLICATIONS

In heavy-duty industrial applications such as: press controls, control circuit instrument panels, die blocks, and safety fences and gates, Brad Harrison® products are the industry standard. Control Connector plugs and receptacles are available in 3-12 pole configurations, insulated with durable, impact-resistant Neoprene™ rubber. Brad Harrison® Safety Plugs provide electrical lockout during maintenance. Dual Round Connectors feature a unique plug and receptacle design that prevents mismatching.

### SAFETY PLUGS

| Face View of Males                    |  |  |  |
|---------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
| Rated @ 25A, 600VAC                   | Yellow                                                                            | Red                                                                               | Orange                                                                              |
| Shorting Plug with 1ft. Chain         | 22803                                                                             | 22904                                                                             | 43302                                                                               |
| Shorting Plug with 2ft. Chain         | 22804                                                                             | 22905                                                                             | 43303                                                                               |
| Shorting Plug with 3ft. Chain         | 22805                                                                             | 22906                                                                             | 43304                                                                               |
