

Swiss high precision tools in a kit

Erem 2450K Toolset SMD

- 3-piece tool kit in an ESD-safe plastic case.
- MagicSense moulded handle with soft touch for increased comfort and grip.
- Induction-hardened cutting edges in Rockwell hardness 64-65 HRC, high grade of hardness for exceptionally long life.
- High grade tool steel, non-reflecting surface, ESD-safe, resharpenable.
- Internal patented Erem Magic Spring: constant spring force, guarantees more than 1 million operations.
- EMOS maximum opening stop: the limited extent to which the handles can open prevent user hand fatigue.

| Model  | Description      |
