

BRAND: GERBER
Model: SUSPENSION

Suspension™

Multi-Plier®

If we tell you that this engineering masterpiece was inspired by the bridges of Portland, Oregon?we've got more than our share, here?don't make the mistake of thinking that Gerber's gotten all misty-eyed and romantic. On the contrary, the Suspension has all the down-and-dirty performance characteristics a tough guy would expect.

This is a classic workhorse with spring-loaded pliers, our patented Saf.T.Plus component locking system, a ballistic nylon sheath, and the very same structural integrity that goes into every Gerber tool.

The open-frame configuration is something of a break-through where the industry is concerned. But just because its got nice lines, there's no reason you cant use it in some pretty ugly situations.

- Overall Length: 15,2 cm
- Closed Length: 8,9 cm
 - Weight: 255 g
- Handle Material Stainless Steel
- Sheath Material: Ballistic nylon
- Components: Needlnose pliers, wire cutter, fine edge knife, serrated edge knife, saw, scissors, crosspoint screwdriver, small and medium flatblade screwdrivers, can opener, bottle opener and lanyard hole.
 - Pliers Type: Needlenose
- Handle Colour: Titanium gray
