

CFC1000 1-T. Econ. Folding Workshop Crane

Part no. 7611010

The Clarke CFC 1000 workshop crane offers rugged construction combined with the convenience of a compact, space saving folding frame. As such, it is ideal for use by both DIY car enthusiasts and professional garages. A four stage extending jib offers excellent lifting range whilst long legs, with heavy-duty castors and wheels, ensure ample stability and manoeuvrability.

- Lifting capacity of 250Kgs to 1000Kgs in four stages (see Range Guide)
- Maximum lifting height 1920mm
- Maximum jib length 1137mm (4-stage).
- Leg height 160mm
- Overall leg width 962mm outside, 812mm inside
- Supplied with lifting hook
- Excellent quality at an exceptionally good price
