

H3-EM Electronic Locking Swinghandle

RFID card reader option · Latch status indicator

Single or multi-point latching

**Dual
Frequency
Reader**

Now Available

- Remote lock and unlock
- Momentary or continuous lock actuation
- Local monitoring with multi-color LED indicator
- Lock status outputs for remote monitoring
- Industry standard 25x150mm panel prep - kits for other panel preps available
- Integral key lock for manual over-ride
- Options for combined electronic lock and RFID card reader
- Reader recognizes existing employee 125kHz or 13.56 MHz RFID cards

Notes

† See specific latch trade drawings for compatible card types

‡ PACS for MIFARE Classic 4k SE only

** MIFARE, MIFARE Classic, MIFARE Plus and MIFARE DESFire are trademarks of NXP B.V.

** HID iCLASS is a registered trademark of HID Global.

*** Remove '-10' for latch without Southco Logo

Connection Diagram

(1) VCC and Vsupply may be connected together
(2) EML and Card reader must use a common GND

5 Meter* Wire Harnesses (order separately) *Contact Southco for other lengths

Part Number	Latch Output	Termination	For R=

H3-61-56-33	Right Hand Gearbox (CW to open)
A5-90-105-11	Actuator Plate

† For multi-point systems, select either the right or left hand gear box part number and rod adaptor (2 per door) part numbers or the actuator plate part number from table, then visit www.southco.com/A5 for rod selection.

Material & Finish

Glass-filled nylon, PC/ABS (UL94-V0)

Shaft, rotation limiter: Die-cast zinc, bright sealer

Electronic Swinghandle

Recommended operating voltage: 12VDC to 24VDC

Typical operating current:

Less than 200mA at 12VDC

Peak / stall operating current: 1 Amp

Standby current: 50mA Max

Output Signal: 100mA Max load

Card Reader Module

Supply voltage: 12VDC to 24VDC

H3-EM-62 Series Only at

12VDC \pm 10%

Operating current: 200mA Max

To Order:

- 1 Select required Electronic Swinghandle part number using selection guide.
- 2 Select cam part number using cam part number table.
- 3 For multi-point applications, select optional gear box / rod adaptors or actuator plate.
- 4 Select optional wire harness.
- 5 Order cards as needed.

For standalone systems order Southco EA-P1-010 controller.

Contact Southco for details on ordering networked systems.
