## PRV1279

- High density minimizes area required for network layout, freeing up valuable floor space
- Curved cable management fingers support cables as they transition to the vertical pathway eliminating the need for horizontal managers
- Individual fingers can be removed without the use of a tool for routing of large cable bundles
- Fingers align with rack spaces simplifying cable routing
- Slack management spools organize and manage patch cord slack allowing standardization of patch cords
- Optional hinged doors provide easy access to vertical pathway; purchased separately from manager
- Available in 6.5', 7' and 8' versions

All product color is black.

■ Part Number         PRV1279           ■ RoHS Compliancy Status         Compliant           ■ Part Description         Dual sided vertical manager , includes four PRSP7 slack spools. Dimensions: 78.9"H x 12.0"W x 16.4"D (2004mm x 305mm x 417mm)           ■ Material         Other           ■ Color         Black           ■ Depth (In.)         16.4           ■ Depth (mm)         417           ■ Height (In.)         78.9           ■ Height (mm)         2004           ■ Width (In.)         12.0           ■ Width (mm)         305           ■ Cable Capacity - Cat 6 (.250)         553 Front and Rear With Spools           ■ No. of Rack Spaces         42           ■ Pricing Description         PatchRunner Vertical Cable Manager Front & Rear 12" x 79" High Racks           ■ Min. Order Gty.         1           ■ BOM Gty. (# of Pkgs.)         0           ■ Add to Favorite Product List         ■
