

# PCI Express mini card IEEE1394 Module

## PCI Express mini Card

### MPX-643

Support IEEE1394A & 1394B

Support Plug and Play

|                           |                                                                                                                                                                                   |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Form Factor</b>        | PCI Express mini card                                                                                                                                                             |
| <b>Controller</b>         | LSI FW643E2                                                                                                                                                                       |
| <b>Features</b>           | 1 x IEEE1394A provides up to 400Mbps of transferring rate<br>2 x IEEE1394B provides up to 800Mbps of transferring rate                                                            |
| <b>Power Requirement</b>  | +3.3V & +12V                                                                                                                                                                      |
| <b>Accessories</b>        | 1 x IEEE1394 IO module<br>1 x 10PIN cable for single 1394A ( <b>OALH10-L20</b> )<br>1 x 20PIN cable for dual 1394B ( <b>OALH20-L20</b> )<br>1 x DC input cable ( <b>OAL4P-6</b> ) |
| <b>Dimensions (W x D)</b> | 30.00mm x 50.95mm                                                                                                                                                                 |
| <b>Ordering Code</b>      |                                                                                                                                                                                   |
| <b>MPX-643</b>            | PCI Express mini card supports IEEE1394A & 1394B.                                                                                                                                 |
