

## Wetordry™ 734 Tri-Mite™ Abrasive Sheet

---

- Wetordry™ is the name which made 3M famous. Giving a particularly sharp cut, 734 Tri-Mite™ sheets are the benchmark for wet sanding quality.
- Wetordry™ 734 utilises silicon carbide on a flexible, black waterproof paper for use on paints, fillers, gel coats and lacquers.

| Model No. | Sheet Dimensions | Grit Size |
|-----------|------------------|-----------|
| A02023    | 230 X 280mm      | P60       |
| A02022    | 230 X 280mm      | P80       |
| A02020    | 230 X 280mm      | P120      |
| A02019    | 230 X 280mm      | P150      |
| A02018    | 230 X 280mm      | P180      |
| A02014    | 230 X 280mm      | P240      |
| A02012    | 230 X 280mm      | P320      |
| A02010    | 230 X 280mm      | P400      |
| A02008    | 230 X 280mm      | P600      |
| A02007    | 230 X 280mm      | P800      |
| A02006    | 230 X 280mm      | P1000     |
| A02005    | 230 X 280mm      | P1200     |
