# MOS FET Relays G3VM-352J

# Slim, 2.1-mm High Relay Incorporating a MOS FET Optically Coupled with an Infrared LED in a Miniature, Flat SOP Package

- 2 channels and an 8-pin SOP packageincluded in 350-V load voltage series.
- · Continuous load current of 110 mA.
- Dielectric strength of 1,500 Vrms between I/O.
- · RoHS Compliant.

### ■ Application Examples

- Broadband systems
- Measurement devices and Data loggers
- Amusement machines

Note: The actual product is marked differently from the image shown

#### **■** List of Models

| Contact form | Terminals        | Load voltage (peak value) | Model         | Number per stick | Number per tape |
|--------------|------------------|---------------------------|---------------|------------------|-----------------|
| DPST-NO      | Surface-mounting | 350 VAC                   | G3VM-352J     | 50               |                 |
|              | terminals        |                           | G3VM-352J(TR) |                  | 2,500           |

#### **■** Dimensions

Note: All units are in millimeters unless otherwise indicated.

G3VM-352J

### **■** Recommended Operating Conditions

Use the G3VM under the following conditions so that the Relay will operate properly.

| Item                                 | Symbol         | Minimum | Typical | Maximum | Unit |
|--------------------------------------|----------------|---------|---------|---------|------|
| Load voltage (AC peak/DC)            | $V_{DD}$       |         |         | 280     | V    |
| Operating LED forward current        | I <sub>F</sub> | 5       | 10      | 25      | mA   |
| Continuous load current (AC peak/DC) | Io             |         |         | 100     | mA   |
| Operating temperature                | T <sub>a</sub> | - 20    |         | 65      | °C   |
