

# Professional Quality SMD

## COMPONENT POSITIONING & DESOLDERING TWEEZERS

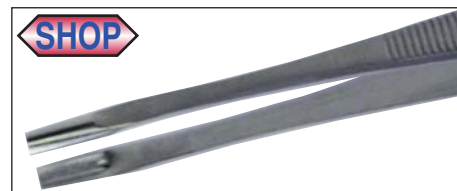

### Holds 0.8 to 2.0 Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 421 41                                                                                            | 50 SA - 120mm | .08 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |

### Holds 1.5 to 3.0 Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 421 48                                                                                            | 51 SA - 120mm | .08 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |

### Vertical 1.5 to 3.5mm Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 421 55                                                                                            | 55 SA - 120mm | .08 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |

### Flat Bent 35° 3mm Dia. Milled Slot

| Item No.                                                                                          | Description       | wt. |
|---------------------------------------------------------------------------------------------------|-------------------|-----|
| 421 42                                                                                            | 58 SA SMD - 117mm | .08 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |                   |     |

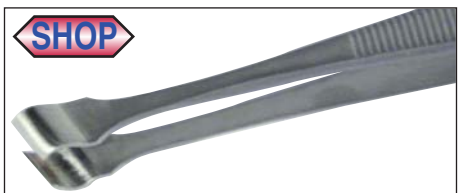

### Holds 3.5 to 7mm Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 421 49                                                                                            | 52 SA - 120mm | .08 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |

### Vertical Long, Holds 2.5 to 5mm Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 434 14                                                                                            | 64 SA - 145mm | .10 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |

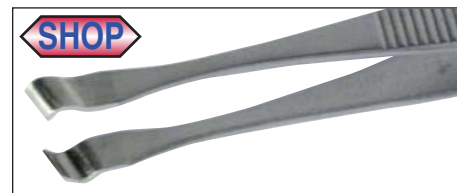

### Angled 3.5 to 7mm Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 421 46                                                                                            | 54 SA - 120mm | .08 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |

### Holds 6.5 to 10mm Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 421 50                                                                                            | 53 SA - 120mm | .08 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |

### Bent Long, Holds 3.5 to 7mm Diameter

| Item No.                                                                                          | Description   | wt. |
|---------------------------------------------------------------------------------------------------|---------------|-----|
| 434 19                                                                                            | 63 SA - 145mm | .10 |
| Stainless steel, anti-magnetic and acid resistant.<br>Brushed Finish tweezers made from Vommaloy. |               |     |
