Comments about Crucial 2GB 240-pin DIMM DDR2 PC2-6400:

A friend recommended your site and using your online software to confirm which RAM to purchase helped take away the trepidation I had. The only thing that could make it any better would be an improvement on provision of installation instructions. Even so, it installed easily and has been serving me well. I would certainly be willing to utilize your services again and could recommend you to others.

Comments about Crucial 2GB 240-pin DIMM DDR2 PC2-6400:

I've used another company for memory upgrade but had issue with their diagnostic program which turned out to be a blessing because I found Crucial.com and they are less expensive and faster delivery time.
