

Available in a range of colours for identification in multiple probing applications.
Suitable for miniature stranded cables.

MATERIAL	
PLUNGER	: Noryl coloured
BODY	: Noryl coloured
SPRING	: Spring Steel
CONTACT	: Brass Gold flash
RATED VOLTAGE	: 50V

Technical drawing of a mechanical component, showing dimensions and a cross-sectional view.

Dimensions:

- Top view: Overall width is 9, overall height is 12.
- Side view: Overall length is 40.

Cross-sectional view (bottom):

- Labels: PLUNGER, SPRING, BODY, CONTACT.
- The component consists of a PLUNGER, a SPRING, a BODY, and a CONTACT.
- The PLUNGER is shown in a cross-section, with a central hole.
- The SPRING is a coiled wire spring.
- The BODY is the main structural part, shown in cross-section.
- The CONTACT is a small, rounded tip at the end of the BODY.
