Description:

Wiring Duct Narrow Slot 2"x2" Rigid PVC White

Features

Smaller, higher number of fingers for more concise harnessing. V-Shaped slot lead-in enables easier and faster wire installation. Rounded edges keep hands and wires free of abrasion.

Non-slip cover does not slide easily and resists vibration. Flush cover attaches flush with sidewall for finished look.

Dual score lines are designed to yield clean breakoffs at the base of the slot and the duct. Versatile North American and DIN Standard mounting holes enable same duct for multiple applications.
