

C 16-1 Circular Connector Threaded Coupling – Plastic

Designed to meet the high requirements of Industrial applications under harsh environment. Available in Screw; Solder and Crimp terminations.

Materials

Housing - Polyamide 6.6
Dielectric - Polyamide 6.6
Gasket - Neoprene
Contact Plating - Silver

Electrical

Current - See below

Mechanical

Durability - 500 Mating cycles

Crimp Termination

Automatic - Consult representative
Hand tool - TA 0100 146 page X-1

QUELARC® Heavy Duty Connector System

Built to withstand the most severe operating conditions. Features Compound Circuit Breaking Arc Chambers confining arcs during initial break.

Materials

Receptacles – Rust Resistant
Ferrous Alloy
Plug – Aluminum Alloy

Electrical

Current – Up to 200 Amp
Voltage – 250DC/600VAC

Features

Grounding contact – MFBL
UL & CSA Certification
Flat Long Life Contacts
Solder Contacts

Options

Reverse Polarity
Automatic & Remote Control Contacts
T & D Handles
Cord Grips

44 Series Economy Series Environmentally Sealed Circular Connectors

Amphenol's 44 Series connector system offer high performance at low cost. Ideal for applications requiring environmentally sealed connectors.

Materials

Insulation – 94V-0 Santoprene
Contact – Copper Alloy
Plating – Electroless
Colour – Black

Characteristics

Wire Gauge – 18 ~ 14 AWG
Insulation Diameter – 2.03 ~ 3.30 mm
Temperature – -40°C ~ 105°C
Coupling – Push Pull
Protection – IP65

Electrical

Current Rating – 8 Amps
Voltage Rating – 250 VAC rms
Resistance – < 30 mΩ
Contact – > 5,000 MΩ
Insulation – 1000 VRMS
Dielectric Withstand

Customer Options

Shell sizes – 5
Contact arrangements – 6
Circuit sizes – 1 ~ 6
