

LFM 101

LFM-101 is a robust and multi-purpose luminaire with magnifying glass.

White as standard, grey coated optional. Standard 3 diopter lens which gives 175% magnification. The parallel arm always holds the magnifying lens in a horizontal position in relation to the work surface whenever it is moved. The luminaire is earthed and comes as standard with desktop clamp and light source. Moveable floor stand on wheels and table base as accessory.

For table/floor stand
