MSP430 LaunchPad: ASEE 2013 Workshop Re-Cap

MSP430 LaunchPad: ASEE 2013 Workshop Re-Cap Earlier in the week I wrote about the why TI was hosting three different Microcontroller Workshops at ASEE 2013. I am happy to report that the workshops went exceptionally well, with over...

Another look at Code Composer Studio in Education

Last week our new hire, Dusica Lukic , wrote a post explaining her navigation of TI's licensing options for Code Composer Studio. The post addressed a problem that I have seen some educators struggle with when trying to navigate TI for the first time...

Analog Systems.....What, why, how?

Analog SystemsWhat are they? Analog systems process analog signals. For example an Audio amplifier converts sound (real world analog signal) into voltage and passes it into the input stage. The input stage is where input signals are processed and...
