

1 ROCKER SWITCHES

Midsize Illuminated and Non-Illuminated AC Rated Rocker Switches — 1500/2500 Series

DESCRIPTION

Eaton's 1500/2500 series rocker switch offers a designer touch that will enhance any product line.

Ideal applications include appliances, electronic instrumentation, data processing, communications, medical and office equipment. Custom legends are available on the switch actuator and bezel.

High Inrush Option

The 1500H/2500H is designed to handle high inrush currents up to 100A peak inrush for 10 milliseconds.

Hi-Lite Rocker with High Inrush Option

This two color rocker version brightly indicates the "ON" position. This version spares the expense of more costly illuminated switches and is available with the high inrush option.

SPECIFICATIONS

Ratings:

See selection tables.

Circuits:

1PST, 1PDT, 2PST, 2PDT
Maintained and momentary.

High Inrush Option

1PST, 2PST, maintained.

Hi-Lite Option

1PST, maintained.

Contact Mechanism:

Slow-make/Slow-break butt contact.

High Inrush Option

Slow-make/Slow-break butt contact.

Make:

High Inrush Option

100A peak inrush at 250V ac for 10ms for 10,000 cycles minimum.

HOW TO ORDER — MIDSIZE NON-ILLUMINATED

To determine your **Complete Catalog Number**, you must start with the appropriate **Base Circuit Number** and add the appropriate **Code Letters** and/or **Numbers** as in the example below:

Start with this Base Circuit Number	...add each appropriate Code Number or Letter...				...to get to your Complete Catalog Number
Base Circuit Catalog Number	Base and Bezel Color	Rocker Color	Termination Type	Legend (optional)	Complete Catalog Number
1500	-2	1	E	038	1500-21E038

MIDSIZE NON-ILLUMINATED SELECTION TABLE (BOLD FACE TYPE INDICATES ITEMS NORMALLY IN DISTRIBUTOR STOCK)

① 1500 Type — Lever depressed toward terminal #3.
2500 Type — Lever depressed toward terminals #13 and #26.

② #1500 — #1507 switches are supplied in 1500 type base.
#2500 — #2507 switches are supplied in 2500 type base.

③ VDE: 10(4)A, 250V acμ, except 1504, 1506, 1507, 2504, 2506, 2607; 10(2)A, 250V acμ.

Break:

High-Inrush Option

16A, 250V ac for 10,000 cycles minimum.

Contact Material:

Silver inlay over copper.

Contact Resistance:

10 MΩ max. at 1A, 4V dc.

Mechanical Life:

50,000 cycles min.

Insulation Resistance:

50 MΩ min.

Dielectric Withstand:

1000V RMS minimum.

Terminal Types:

Standard — 6.3mm
Tabs/.250" Quick-connect.
Optional — Solder lug.

Termination Material:

Common (center) — Copper
fine silver plated.
End — Copper.
Lamp — Brass.

Mounting:

See dimensions.

Operating

Temperature Range:

0°C to 85°C
(+32°F to +185°F).

International Approvals:

UL file E24354 or
E1148, WOYR2.
CSA file LR10538 or 45995
VDE listing 36088 or
6498-440.
