

LCD Screen Cleaning Kit

8242-K **NEW**

MG Chemicals LCD Screen Cleaning Kit includes a high quality microfiber cleaning cloth and an advanced Non Drip Gel formula that will safely and effectively clean the toughest residues from your LCD and Plasma screens.

- **Advanced non-drip formula**
- **Alcohol and ammonia free**
- **Non-streaking**
- **Anti-static**

Directions:

Spray cleaning gel solution onto screen or microfiber cloth. Wipe desired cleaning area until dry with microfiber cloth. Repeat if necessary. **Do not spray out of intended area.**
