

# PHE840M

**RoHS**  
Compliant

- EMI suppressor, class X2, metallized polypropylene
- 0.01 – 10.0  $\mu\text{F}$ , 275/280 VAC, +105°C
- Small dimensions including low profile capacitors

## TYPICAL APPLICATIONS

For worldwide use as electromagnetic interference suppressor in all X2 and across-the-line applications.  
Not for use in series with the mains.  
See [www.kemet.com](http://www.kemet.com) for more information.

## CONSTRUCTION

Metallized polypropylene film encapsulated with selfextinguishing epoxy resin in a box of material recognized to UL 94 V-0.

## TECHNICAL DATA

## APPROVALS

| Certification Body | Specification        |                    |
|--------------------|----------------------|--------------------|
| ENEC               | EN/IEC 60384-14:2005 |                    |
| UL                 | UL 60384-14          | ( $U_R = 280$ VAC) |
|                    | CAN/CSA-E60384-14:09 | ( $U_R = 280$ VAC) |

## MARKING

- RIFA
- RIFA article code
- Rated capacitance
- Capacitance tolerance code
- Rated voltage
- X2
- Approval marks
- Manufacturing date code
- IEC climatic category
- Passive flammability class

## ORDERING INFORMATION

The article code for the standard part is given in the article table.

Statements of suitability for certain applications are based on our knowledge of typical operating conditions for such applications, but are not intended to constitute – and we specifically disclaim – any warranty concerning suitability for a specific customer application or use. This Information is intended for use only by customers who have the requisite experience and capability to determine the correct products for their application. Any technical advice inferred from this Information or otherwise provided by us with reference to the use of our products is given gratis, and we assume no obligation or liability for the advice given or results obtained.
