

Product Information

Platoshear 170

Platoshear Lead Cutter
170

Introduction

Platoshear 170 flush cuts component leads as large as 18 AWG copper wire (.040"/1.0mm). It has a thin profile designed for the hard-to-get-at areas in electronic assembly where conventional cutters can't reach. Cushioned handles provide daylong comfort. Platoshear 170 has a longer cutting life than conventional cutters because it shears rather than bites.

Features / Benefits

- Ergonomically Acceptable
- Reduces Operator Fatigue
- Requires 50% Less Operator Effort
- Rockwell Hardness: C56
- Length: 5.15" (131mm)
- Weight: 1.8 oz. (51g)
- Meets ANSI J-STD-001B
- Made in the USA

Packaging and Availability

Platoshear 170 is available in the following sizes:

170	1 Platoshear 5.15" (131mm) long, 1.8 oz. (51g)
