▼ Heatsinks f.cool

- ▶ Profile heatsinks and fluid coolers
- ▶ Heatsinks and active heatsinks for processors
- ▶ Board Level heatsinks
- ▶ Cooling aggregates
- ▼ Accessories for electronic components
 - ▶ Thermal conductive material
 - ▶ Fixing material for mechanical components
 - ▼ Mounting material for single semiconductors and heatsinks
 - Mounting kits for insulation of power transistors
 - Insulating clamping parts for power transistors
 - Mounting pads
 - Mounting parts for heatsinks
 - [Insulating caps and insulating bushes](#)

▶ Cases f.case

▶ Connectors f.con

Insulating caps and insulating bushes

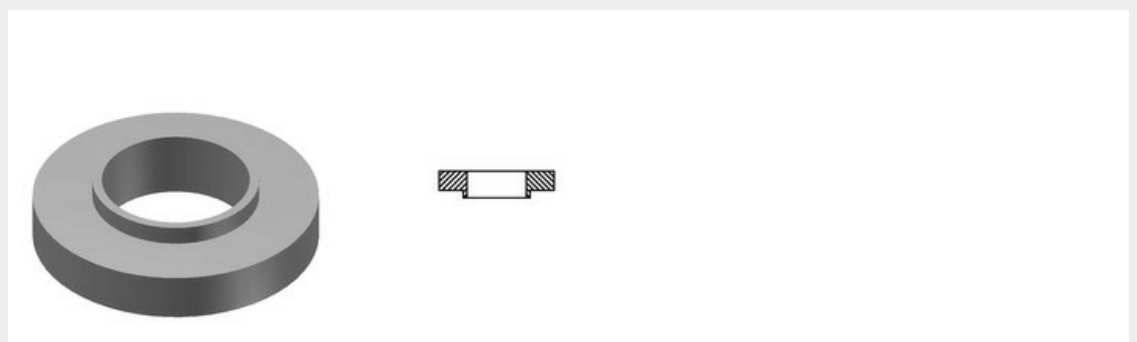

IB 18 / IBT 18

IBT 18

for single-semiconductors, UL 94 V-0

Data sheet

add to request

Features

Technical Drawing

Variants

Service

version	insulating bushes
material	PTFE (teflon)
form stability	-260°C ... +250°C
class of inflammability	UL 94 V-0
dielectric strength	40 kV/mm
