Instructions

Spray surface to be cleaned, and wipe in circular motion. Use lint-free wipe (we recommend Techspray 2365-50 or 2365-300 wipes). Not intended for sensitive non-glare coatings or touch screens. Cleaner may discolor or otherwise harm coating after repeated use. Paper towels and other low quality wipes contain surfactants and other extractibles, so may lead to streaking.

Technical Information

Chemical & Physical Properties

Appearance	Clear, colorless liquid
